1B: Effective Cost Management In An Inflationary Market

Costs are increasing in many key areas for colleges and universities. Prices for Food Services, Office Supplies and other Consumables, Printing, Copier and Print Services and Insurance are all increasing. Join us to discuss how to mitigate price increases and even how to reduce costs. It all starts at the top with senior finance executives.

Presented by [Expense Reduction Analysts](#)

Fiscal

1C: Higher Education and Connie: A Look at Health Information Exchange in Connecticut

The State of Connecticut has designated Connie as its official health information exchange and recently passed laws requiring health care facilities to connect to and participate in Connie – including licensed health centers at colleges and universities. This session will provide an overview of Connie, applicable state law requirements, and special considerations under HIPAA, FERPA, and sensitive condition information laws. This program is designed for health center staff and administrators, IT personnel, and administrative leadership.

Session 1 (9:00-9:50 a.m.) *continued*

1E: Caring for the Well-Being Needs of Your Campus Community

Almost 50% of 2022 entering college students report being "Mentally Exhausted" (BCSSE, 2022) as they were beginning college. With the increase in student need running headfirst into the employee Great Resignation/Quiet Quitting, sustainable solutions are complicated. This session will highlight the national data on campus wellness and share some resources for caring for your campus community.

Presented by [The Virtual Care Group](#)

Session 2 (10:00-10:50 a.m.)

2A: GLBA and Ransomware, Important Compliance and Technical Risks ED Has to Address

While many institutions are still working with the information security requirements of the Gramm-Leach-Bliley Act (GLBA) and the Federal Trade Commission (FTC) Safeguards Rule, institutions are now dealing with other major risk to their data. This session will walk through trending ransomware risk as well as the updated requirements included in the GLBA. We will also provide insight on the vital role senior leaders are expected to play in security.

2C: Hot Topics in Not-for-Profit Tax Compliance for 2022

Has your organization had a compliance check-in this year? As we head into the Fall, it is a great time to take a step back from the day-to-day and check in to ensure your organization is caught up on the latest tax issues. During this presentation, panelists will help answer the most common tax compliance questions that not-for-profit organizations are facing this year.

3B: Are College Athletes Students or Employees? A Review of the Current Legal Landscape Surrounding the Student - Athlete Debate

The U.S. Department of Education recently referred a discrimination complaint filed by college athletes against NCAA Division I schools to the U.S. Equal Employment Opportunity Commission because the complaint arises in the context of employment. This workshop will review this development, including the current legal landscape on the student-athlete debate and the relevant implications for colleges and universities.

Presented by [Robinson & Cole LLP](#)

3E: Update and Overview of the Connecticut Transfer Guarantee Program

The CT Guarantee allows associate-bearing CT community college graduates to transfer to one of many participating 4-year independent colleges in the state--an innovative transfer model that has recently received national recognition. The New England Board of Higher Education (NEBHE) will provide an overview of the initiative and a presentation on key findings from an analysis of initial Guarantee enrollment data from the three states (CT, MA, and RI) where the Guarantee has been operationalized. The webinar will close with some discussion of the work that remains to be done where marketing and promoting the CT Guarantee is concerned.
