THE POWER — OF — COLLABORATION

Summer is coming – time to implement changes that streamline campus operations, improve processes, and reduce costs by utilizing The Coalition’s aggressively negotiated contracts for goods and services your school uses all the time.

Need a place to start and an easy win with little time commitment on your part? Look at Paymerang, MCAG Settlement Recovery, EZLease, Granite Telecom, and the FAEF PCard.

Looking to make transformative changes on your campus and save big money? IMA Property & Casualty, the HESS Consortium Collective ERP offering, and FAEF Project Financing may be good fits for you.

We hope you’ll take some time to learn more about each Coalition program, many of which offer savings and benefits unavailable elsewhere, and join the hundreds of other private colleges and universities across the nation, along with their employees and students, that benefit from these programs.

Visit the [Coalition website](#), [YouTube Channel](#), [contact us](#), or speak with your state private higher education association to learn more.

PARTNER SPOTLIGHT

This is an exciting quarter for MCAG and its clients with additional settlement distributions being made in the coming weeks and recent progress in the Visa/Mastercard Settlement. There is also more than \$40 million in available funds for settlements in the coming months. Be on the lookout for more information from MCAG and our trusted referral partners as there is more than \$5 billion available from pending settlements.

MCAG assists its clients with **recovering money from class action settlement funds**. MCAG does NOT create class actions—they continually search for class actions that have already settled and have funds available for their clients - allowing clients to focus on their business.

Under the Coalition agreement, MCAG will handle all the details including preparing and submitting any required documentation and claim forms and working with settlement administrators to reconcile and distribute appropriate recoveries under the terms of the settlements.

If no money is recovered, MCAG does not charge or retain a fee. If money *is* recovered, MCAG retains a special discounted contingent fee of 20% of the obtained recovery. Very little time and effort is required to activate MCAG to recover money from these settlements.

The SRS Process

Two Simple Steps to Enroll:

1. Visit <https://www.srs.mcaginc.com/?code=CCCS50>. Click Register Today.
2. Fill in your business information and wait for your enrollment confirmation.

Benefits:

- Eliminate the need to review settlement documents, track important dates and claim filing deadlines.
- Limit administrative burden – you are not required to gather, analyze, or submit claim forms.
- Leverage MCAG’s access to relevant databases they use to gather data to submit a comprehensive claim on your behalf.
- Ensure claim form compliance -- MCAG’s processes are consistently validated via prior Administrator reviews.
- Recovery optimization managed by a seasoned industry expert.

It’s your money...MCAG wants to help you get it back!

NEW PARTNERSHIP!!

Doctums

The Coalition is pleased to announce a new partnership with Doctums to bring management and technology consulting to your member institutions. Doctums works solely in higher education and focuses on providing services that maximize the value of current investments. Doctums brings deep experience to provide bespoke support in education strategy, administration, and the student experience.

Too often, higher education institutions purchase new technology with high hopes for its impact and ROI, only for it to fall short of expectations. Struggles with knowledge gaps, mismanaged data governance, and other concerns can create a gap between a technology's current implementation and its potential. Doctums helps institutions reduce this technology gap and move toward a continuous business process and technology management approach, unlocking the potential of technology you already have.

Doctums looks forward to meeting you, introducing their services, and answering your questions. **An introductory webinar has been scheduled for June 22 at 2:00 eastern.**

Please share this invitation with your Chief Information Officer.

We hope to see you there! [REGISTER HERE](#)

NEWS from PROGRAM PARTNERS

“Two days before our recent renewal we received notice from our current agent that our Educators Legal Liability deductible was going to increase from \$15k to \$250k with a 80% increase in premium. IMA invested the time and within 30 days provided a comprehensive solution that broadened our coverage, drastically reduced our deductibles, all while LOWERING our overall premiums. **Obviously, IMA exceed our expectations and we are thrilled to have IMA on our team as a trusted partner for Manor College.**

- Janice Salerno, Vice President of Finance and Facilities, Manor College

“The IMA team did a great job developing a relationship and working with the internal risk manager. Both IMA and the insurance carrier loss control consultant were ‘boots on the ground’ and visited Stillman for assessment and consultation. Stillman is pleased to have an outsourced Risk Manager in their corner. In the words of Stillman’s internal risk manager, *“I appreciate the effort from IMA to help me and Stillman. Our Dr. Warrick is very happy!”*

- Michael Hubbard, Technology & Campus Service, Stillman College

Your institutions’ 2023 insurance renewal will be difficult with substantial increases on many lines that are alone, market driven. Contact IMA, a broker dedicated to higher education, to learn more about the way they have been able to greatly improve close to 80 private college’s insurance programs.

Deadline for Inclusion in CRT Mitsubishi Settlement is June 13!

A new settlement has been created for a class of CRT indirect purchasers. Both businesses and individual consumers who bought CRTs associated with certain sized computers and televisions can benefit from this settlement resulting from the years-long Cathode Ray Tube (CRT) Antitrust Litigation that accused CRT manufacturers of manipulating the prices of CRTs from 1995 through 2007. Includes eligible purchases from organizations in the following select states: AZ, AR, CA, D.C., FL, HI, IA, KS, ME, MA, MI, MN, MS, NE, NV, NH, NM, NY, NC, ND, OR, SC, SD, TN, UT, VT, WV, and WI.
